

PROGRAM: INTRODUCTION TO SAFEGUARDING

This program is a particularly valuable foundation safeguarding course.

Designed for anyone new to safeguarding within a Church context, this program is a series of short flexible online units. Units contain accessible interactive learning materials and assessments.

The six units contained within this program take between 15 and 25 minutes each to complete. They provide learners with a better understanding of safeguarding in the Catholic Church and tools to help identify abuse - children and adults at risk, including guidance for responding to disclosures.

PRICE This program is currently available **free of charge**.

PROGRAM: INTRODUCTION TO SAFEGUARDING

Upon successful conclusion, learners receive Certificates of completion for their continuing professional development records.

Additional Features available - contact ACSL

This program can be tailored for your entity, including the addition of local contact, policy and procedure information.

Safeguarding co-ordinators can enrol multiple learners and track their progress.

More details are available on our [learning management system](#) or contact us and we'll happily provide more information.
