

# TAILORED TRAINING OPPORTUNITIES

## Dedicated group opportunities

For groups of more than 7 learners, ACSL can offer any training and workshops privately, dedicated solely to your entity. Learning facilitation can be online or in person at your venue.

For dedicated groups, delivery online will cost the standard per person rate (regular Subscriber discounts apply).

Where face to face training is requested, travel and accommodation for team members are additional to the standard per person training rates.

Email [learning@acsltd.org.au](mailto:learning@acsltd.org.au) to explore the options and book your dates.

ACSL can also tailor learning for your unique ministry and operating context, allowing greater attention to your organisational safeguarding requirements, concerns and culture at a deeper level.

This could include adapting our current training or else creating a new custom learning program for your members. Learning can be in person or online (synchronous or asynchronous), designed to suit your needs.

## Bespoke learning programs
